

Ahmad Hassan

Email: ahmad.hassan@student.yu.edu.jo

Phone: +962 7 XXX XXXX

Location: Amman, Jordan

Objective

Motivated Computer Science student seeking an internship in software development to apply programming skills, collaborate in real-world projects, and gain practical experience in backend and full-stack development.

Education

Yarmouk University — B.Sc. in Computer Science

Expected Graduation: 2026

GPA: 3.5 / 4.0

Technical Skills

- **Programming Languages:** Python, JavaScript, SQL
 - **Frameworks & Libraries:** FastAPI, React, Node.js
 - **Databases:** PostgreSQL, MySQL
 - **Tools & Platforms:** Git, Docker, VS Code, Firebase
 - **Other Skills:** REST API development, web application design, debugging, agile methodologies
-

Projects

InternEra Internship Platform (University Project)

- Contributed to backend development using Python and FastAPI.
- Designed and managed database schemas in PostgreSQL.
- Implemented endpoints for internships, student applications, and reports.

Frontend Web App for Movie Booking

- Built a responsive website using HTML, CSS, JavaScript.
- Implemented ticket selection, checkout process, and responsive design.

Flappy Bird Clone (JavaScript Project)

- Developed game mechanics, collision detection, and scoring system using vanilla JavaScript.
-

Experience

OYIL — Full Stack Web Development Training

- Participated in a 3-month program learning .NET, MVC architecture, and API development.
 - Developed small-scale projects and applied object-oriented programming principles.
-

Additional Information

- Strong problem-solving and analytical skills
- Excellent teamwork and communication
- Quick learner and highly adaptable
